

The SNTMA Capital Improvements Subsidy is for property management companies that lease to SNTMA member companies. Any and all qualified projects will be considered.

Capital Improvements Subsidy Program:

The SNTMA is accepting requests for proposals for transportation demand management related capital improvements projects. The SNTMA will fund up to 80% of the project up to \$30,000 maximum with 20% of the cost funded by the applicant. Submit 3 estimates for the project with your request. All submitted projects are subject to the SNTMA board of directors review and approval.

Percentage of SNTMA member companies current on dues at the application's proposed site may be considered by the SNTMA Board as part of the evaluation and approval process.
